REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION

To the Shareholders of Kaspi.kz Joint Stock Company

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Kaspi.kz Joint Stock Company and its subsidiaries ("the Group") as at 31 March 2021 and the related interim condensed consolidated statements of profit or loss, other comprehensive income for the three months then ended, changes in equity and cash flows for the three months then ended, and selected explanatory notes. Management is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard ("IAS") 34, Interim Financial Reporting. Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with IAS 34 Interim Financial Reporting.

1. Corporate information

Overview

Kaspi.kz operates the Kaspi.kz Super App, the gateway to the Kaspi.kz Ecosystem.

Through the Super App users can access Kaspi.kz's Payments, Marketplace and Fintech Platforms. The app is designed so that the growth and development of one service contributes to the growth and development of other services, creating powerful network effects. The popularity of the Super App has helped each platform achieve market leadership.

Highly relevant digital products and services make Kaspi.kz integral to the daily lives of both consumers and merchants in Kazakhstan. The combination of scale with both consumers and merchants, joined by a proprietary payments network makes our business model unique.

Going forward we will maintain a singular focus on expanding our ecosystem by developing innovative digital products. Technologically advanced products will transform the way consumers pay, shop and manage their personal finances, help merchants accelerate their growth as we emerge from the pandemic and allow us to make a significant contribution to Kazakhstan's digital transformation.

Kaspi.kz Segments

The Kaspi.kz Ecosystem is comprised of the following three market leading platforms centered around our customers' everyday needs:

- Payments Platform connects our customers, which consist of both consumers and
 merchants, to facilitate cashless, digital transactions. We offer our customers a
 proprietary technology platform to both pay and receive payments for goods and
 services, as well as to transfer and withdraw money. Consumers can transact with
 merchants and amongst themselves using services including the Kaspi.kz Super App,
 Kaspi QR Scan to Pay, Kaspi Gold debit card, any bankcard or e-Wallet. Merchants can
 accept payments from consumers using Kaspi Pay POS Solutions and Kaspi QR
 Checkout, amongst a wide suite of other products.
- Marketplace Platform connects merchants and consumers enabling merchants to increase their sales and consumers to buy a broad selection of products and services offered by a variety of merchants. We help merchants increase their sales by linking them to our technology, Payments Platform, Buy Now Pay Later consumer finance products, marketing and fulfillment. Fulfilment options include in-store pick up, delivery by merchants and delivery powered by Kaspi.kz. In 2020 we launched Kaspi Travel, initially offering domestic and international flight tickets through our Super App but intend to develop a full online travel proposition as the market recovers.

In Azerbaijan, we operate a marketplace platform encompassing the country's leading real estate, new and used cars, new and used goods mobile classified apps.

Fintech Platform enables customers to manage their personal finances online and access consumer finance and deposit products primarily through the Kaspi.kz Super App. Our Buy Now Pay Later consumer finance products are also strategically integrated around the product and merchant selection on our Marketplace Platform. This allows customers to shop and access financing seamlessly and then pay over time in affordable monthly installments. In 2020 we broadened our Fintech proposition to include working capital and micro finance products for merchants and plan to scale further in this area in 2021.

Information about the group of companies

Kaspi.kz Joint Stock Company ("the Company") was incorporated in the Republic of Kazakhstan in 2008. Operating environment

Emerging markets such as Kazakhstan are subject to different risks than more developed markets, including economic, political and social, and legal and legislative risks. Laws and regulations affecting businesses in Kazakhstan continue to change rapidly, tax and regulatory frameworks are subject to varying interpretations. The future economic direction of Kazakhstan is heavily influenced by the fiscal and monetary policies adopted by the government, together with developments in the legal, regulatory, and political environment. Because Kazakhstan produces and exports large volumes of oil and gas, its economy is particularly sensitive to the price of oil and gas on the world market.

After the majority of the government imposed restrictions in response to the COVID-19 pandemic were lifted, the economic environment in Kazakhstan has begun to recover. The accelerated vaccination program roll-out, as well as adaptation of businesses to new/modified sanitary requirements is likely to support further economic growth. Management of the Group continues to closely monitor the evolving situation and will take the necessary measures to support the sustainability and development of the Group's business in the foreseeable future.

This interim condensed consolidated financial information was approved on 30 April 2021.

2. Basis of presentation

This interim condensed consolidated financial information has been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting. This interim condensed consolidated financial information has been prepared on the assumption that the Group is a going concern, as the Group has the resources to continue in operation for the foreseeable future. In making this assessment, the management have considered a wide range of information in relation to present and future economic conditions, including projections of cash flows, profit and capital resources. These considerations include an stress assessment assuming a prolonged negative impact of the COVID-19 pandemic on the Kazakhstan economy and as a result, its impact on the future financial performance of the Group. This interim condensed consolidated financial information does not include all the information and disclosures required in the annual consolidated financial statements. The Group omitted disclosures, which would substantially duplicate the information contained in its audited annual consolidated financial statements for 2020 prepared in accordance with International Financial Reporting Standards ("IFRS"), such as accounting policies and details of accounts, which have not changed significantly in amount or composition.

The exchange rates at the period-end used by the Group in the preparation of the interim condensed consolidated financial information are as follows:

	31 March 2021	31 December 2020
KZT/USD	424.89	420.91
KZT/EUR	498.31	516.79

3. Significant accounting policies

This interim condensed consolidated financial information has been prepared under the historical cost convention, except for the revaluation of certain properties and financial instruments.

The same accounting policies, presentation and methods of computation have been followed in this interim condensed consolidated financial information as were applied in the preparation of the Group's consolidated financial statements for the year ended 31 December 2020.

Debt securities issued	139,111	138,924	Level 2
Subordinated debt	78,009	77,506	Level 2

Due from banks

The estimated fair value of term due from banks is determined by discounting the contractual cash flows using interest rates currently offered for due from banks with similar terms.

Loans to customers

Loans to individual customers are made at fixed rates. The fair value of fixed rate loans has been estimated by reference to market rates available at the reporting date for loans with a similar maturity profile.

Due to banks

The estimated fair value of due to banks is determined by discounting the contractual cash flows using interest rates currently offered for due to banks with similar terms.

Customer accounts

The estimated fair value of term deposits is determined by discounting contractual cash flows using interest rates currently offered for deposits with similar terms. For current accounts, the Group considers fair value to equal carrying value, which is equivalent to the amount payable on the balance sheet date.

(in millions of KZT)

Debt securities issued, subordinated debt

Debt securities issued and subordinated debt are valued using quoted prices.

Assets and liabilities for which fair value approximates carrying value

For financial assets and liabilities that have a short term maturity (less than 3 months), it is assumed that the carrying amounts approximate to their fair value. This assumption is also applied to demand deposits and savings accounts without a maturity.

16. Transactions with related parties
